

9. I was told that the foot-soldiers lay down behind some rocks, and the cavalry went back up the hill above the foot-soldiers. Is this right?

No. All the cavalry men got off their horses and let them go, then they mixed up with the foot soldiers. They all lay down. That's the last of it.

10. Did the Sioux fight the foot-soldiers behind the rocks on foot or on horseback?

All on horseback.

11. How did Bull Eagle get hit?

Three of the soldiers saw him and we start for them. Bull Eagle went first. When he reached through was going to stretch with his bow. He was hit.

12. When Bull Eagle got hit, was he fighting the foot-soldiers or cavalry?

When he was fighting the foot soldiers.

13. Was Bull Eagle horseback, or afoot when he got hit?

He was afoot when he was hit.

14. How close to the soldiers was Bull Eagle, after he was hit?

About two yards.

15. Did you go to him afoot, or horseback?

I was afoot.

16. Did Bull Eagle say anything?

He didn't say anything. All he says was he was grown like a bear. That means that he was hurt.

17. Did you take him away afoot, or did you put him on a horse?

I drag him away on foot to a low place where he couldn't be seen.

18. Where did you take him to?

19. Who doctored him?

Four Hair was the man doctored him.

20. When you were shot from your horse, were you fighting the foot-soldiers or fighting the cavalry?
