"Happy Hunting Ground" is translated. I must only
 the typewriter.
 From Mr. Baker I heard that you will see this
 two years ago I wrote him that an administrator of his
 name didn't know where the money was held. He said
 to give him a copy of his financial statement. But I
 never saw it. Even a copy of paper could be obtained
 at the office. I have a copy of the long document
 and I had to have the address to ask questions
 about it. It is a matter of getting it. Black Hole
 address was a matter of getting it. I had Black Hole since 1927.
 He died August 2, 1937. 18 years old at formation. I am curious, that
 this will know about it, because I don't like to speak of
 it. I don't know what things of the life of my
 friend Black Hole. I hope that White will can tell something about
 him and I would be grateful if you have the address to write it to
 me.

Last night I bought some photos of White Hill
 from Mr. Baker. I regret, that he had lost the one he
 had. All good wishes for your travel. I remain,
 yours truly,

Robert H. Baker
