

C.H. Co no. 2. on WB no. 2.

C.H. ran thru infantry after C.C. & followed by W.B. - from North toward west.

(Cheyennes + all Indians mixed so couldn't tell who got where -

WB didn't see Pizi.

Did S.B. tell Ind. to go away + let ~~Ind~~ Sold. go? Didn't hear - no time to talk.

W.B.

13th Fite - site across mo.

After we crossed mo. - when we heard gun shot over hill & we heard fite over hill. - 8 of us in a bunch trailing go over hill to guns.

After we got on top of hill see a bunch of wagons & infantry around with some Ind. trying to get to wagons but sold. keep them away. -

W.B. with 2nd bunch

I was site ^{there} near them looking for chance to run over & a sold shot me in the arm - WB was about 75 yds. from sold.

I was site in center of fite for a while then 2 men helped him back. -

Wagons going N. then turned west into a draw when we arrived - did not go into a corral - just kept moving - lot of infantry around wagons & horses & protect them. -
