

They were away Northwest
 10 of them went to a crow
 camp and W.B. got one horse

Indians think gun words
 are worse than arrows-

Cold storm

This is in winter time
 it had been snowing the
 clouds left & the wind
 started to blow some
 buffalo drifted down
 about a close to camp
 (as to the R) the most of
 the buffalo were west
 of the camp they advised
 some of the men to go
 around and head them
 off, W.B. and two other
 went around them
