Dear Sir:

I am trying to get the facts about Sitting Bull, the famous Indian. Captain James H. Cook of Agate, Nebraska gave me your name as the best informed man he knows on this subject.

I intent to publish Sitting Bull's story if I can get the truth. When I do, I shall be glad to give you full credit for any information you can give me.

Anything you know about the man, his character, his deeds, and words will be mighty useful.

I am especially anxious to learn what the Indians down your way thought or think of Sitting Bull, and any story which will help me size up the man will be mighty welcome. Please help me all you can.

Sincerely yours,

W. S. Campbell
