

P. O. Box 833.

Bozeman, Montana, August 11, 1930.

Mr. George H. Gooderham, Agent,
Blackfeet Indian Reservation,
Gleichen, Prov. Alberta,
Canada.

Dear Mr. Gooderham:

I wrote you some time ago, asking you to please get Teddy Yellow Fly to learn all that he can about the intercourse Sitting Bull had with the Blackfeet, and particularly Crow Big Foot's relations with him; but not hearing from you, I fear my letter went astray.

This information is wanted by Mr. W. S. Campbell, of the University of Oklahoma, who is writing a biography of Sitting Bull, and whose present address is C/o Ex-Printer, 25 Avenue De L'Opera, Paris, France. Will you please try to have Teddy gather all the information that he can about the subject, and forward to me, or direct to Mr. Campbell. I will, of course, properly remunerate Teddy for his work.

I am very sorry that I could not be in Gleichen this summer. And now Miss Donaldson is off to Rochester and the Mayo Brothers Clinic for an operation. We seem to be out of luck.

Houghton Mifflin Company will publish another of my stories, this fall; herewith is an order for a copy to be sent you.

Miss Donaldson joins me in kindest regards to Mrs. Gooderham and yourself.

Yours sincerely,

Dear Mr. Campbell:

The above is a copy of a letter I am mailing to my friend, Mr. George H. Gooderham, and I hope it will bring the result that you desire. When in Alberta, this summer, I was too ill to go to Gleichen.

Yours sincerely,

James Willard Schultz
