I was told that Sitting Bull went to take horses from the Crows just before the fight with Custer on the Little Big Horn (after the Sun Dance). Is this true? ~~No~~ If he did go, who went with him, how long were they gone, and how many horses did they get? I would like to know all about this.

Did Sitting Bull ever have the name "Jumping Badger"? ~~No~~
Please give me all his names (in Sioux) and (in English)
