Dear Mr. Campbell,

#4 220 Ave A West  
Bismarck, N. D.

In connection with your

reading of Fanny Kelly's My Captivity Among

the Prison it will be of interest to you to

know that for a number of years she held

a clerkship in one of the departments at Washington

where she died in 1906. She was voted by

Congress 5000<sup>00</sup> for "saving" Fort Sully. Knowing

of her deliverance as I do, in my opinion they acted

in good faith and had no sinister designs on the

fort, though I presume they expected a reward

for turning her over to them

Just a few years ago H. S. Kelly, an <sup>son</sup> of Fanny Kelly, was working in a bank at

Jefferson, Oklahoma. It may be worth your while to get in touch with him some time.

Very truly yours,

Lewis F. Crawford
