Lincoln, Nebraska,
May 1, 1929.

W. S. Campbell,
Norman, Oklahoma.

Dear Mr. Campbell:

Answering yours of April 27. I enclose a list of our Historical Society Publications. The Historical Society at Oklahoma City has our publications, whether complete or not I cannot say. Early numbers of our publications are out of print. In many cases we have only one or two copies ourselves, which precludes our sending the collection anywhere outside of our own building. The list of old timers in the state who might give you information on the subject of the Sioux I could not attempt to put on paper at the present time. We shall be glad to welcome you at any time you can reach Lincoln and make available for you our library. I am myself engaged in writing a history of Nebraska for a Chicago publishing firm, and I am so driven with that work in addition to my regular routine that I cannot undertake the assembly of information for other scholars in western history.

We shall want your Kit Carson. If you can send us an autographed copy we will remit the price. ✓

Very truly yours,

Addison E. Sheldon
 Secy & Supt
