

September 14, 1929.

Mr. Francis Zahn,
Fort Yates, North Dakota.

Dear friend:

Under separate cover I am sending you a copy of my "Kit Carson" containing my autograph as you desired. You asked me to send the book C.O.D., however I prefer to make it a gift to you for I greatly appreciate your kind and willing assistance as interpreter up there. I do not think anyone could have done better.

Since coming home a few points have occurred to me which I would like to get cleared up, so I am taking advantage of your offer and enclosing a few sheets which I hope you will fill out and return to me as soon as convenient. If you think of any items of interest about Sitting Bull which we have overlooked I shall be grateful if you will send them along too. I would particularly thank you if you would talk with Mr. Agard and let me know what he says. I remain

Yours very cordially,

W. S. CAMPBELL.
