St. Paul, Minn.

Dear Sir:

Thank you very much for your kind letter of July 26.

I shall be happy to have the name of anyone who might be able to run through the papers you mention and find bits I can use. Then, I suppose, a transcript could be made of those. There is no chance, is there, of getting a look-see at some of them through the mails? What you tell me makes my mouth water.

Brown's connection with the American Fur Co. is of interest.

I learn that Sitting Bull was in the employ of F.F.Girard at Fort Berthold about 1862, and that he left that employ owing to some disagreement. I am anxious to get the facts on this, if I can. And of course the whole biography would be useful.

Sincerely yours,

W.S.CAMPBELL
