Dear Walter:

You will please pardon my delay in not answering your letter of April 29th sooner, but the reason for same was that I was endeavoring to find the man whom I told your Sister about. This man is Harry Thompson, he lives at 1820 West 14th Street, telephone No. 4-0315.

This gentleman claims that he was standing within six feet of Sitting Bull when he was killed.

I also discovered that you might get some information from a man by the name of G. W. Conover at Anadarko, Oklahoma who was mustered out of the army in 1885.

I was unfortunate enough to get smashed up in a polo game, but hope to be off crutches very shortly.

Hope you will be able to secure some information you desire from these two men and wishing you every success in your history, I am,

Yours sincerely,

J. W. Conroy
