

The Cotland
Washington D.C.
Feb 22/31

Dear Captain Campbell

I learned of your sabbatical leave & present
address ^{only the other day}

My interest in the American Indians continues
& the new educational director Dr Carson
Ryan awakens new hope for the red man
I told him of your proposed book on famous
Americans of Indian blood & he likes the idea
very much. I hope you will carry out your
original plan & also complete the book on
Ottobine Bull.

There is a friend of mine at the U.S. Embassy
Richard Mohr, a Harvard graduate
& one of the promising career men of
the State Dept. He has a very charming
wife. I wish you would call on them I know
you will like them as both are unusually
clever & attractive.
Hoping to get a line from you
Sincerely yours
George S. Allen
