OFFICE OF THE SECRETARY-TREASURER

April 1, 1932

My dear Sir:

Enclosed with this letter is a marked copy of the program for the coming annual meeting of this Association. Please take note of the part you have promised to take on this program and be ready.

All who have papers are requested to furnish three copies of an abstract of the paper for the purpose of publicity and for the convenience of Dr. Cole, managing editor of the Review. Please do not fail to bring these abstracts with you.

In order to advertise this twenty-fifth annual meeting we desire to obtain as much newspaper publicity as possible all over the country. Will you, therefore, give an interview to your local newspaper and associated press man and have them write up the program and feature you and your part on this program. Please do not let any personal modesty interfere.

Hoping to see you in Lincoln in April and extending to you a most cordial welcome, I am

Yours truly,

Clarence S. Paine
Secretary
