

only son of Sitting Bull living.

While I was round the Agency I happened to see certain old timers who knew Sitting Bull well and I gleaned a lot of material.

I visited another district where a very noted old timer was living to get some material. This man, Makula, (Brest) is nearly eighty two years of age but has a very wonderful memory. He is a medicine man and will not give any material free gratis - so I paid him and he gave me some data about Sitting Bull.

Sometime I must see him again and get more material for he is certainly gifted with a way of telling stories.

I'm going to remain here till the 15th inst. and then I'm going ^{back} to Scotts bluff where some Indians will be waiting for me to come down Oklahoma with them. By the time I get back there I shall be flat broke - so please advance me another \$30.00 so that I will lose no time for it is getting cold and wintry up here. I want to start the 20th instaur. I shall be at your service when I get down Oklahoma. Had a blizzard twice last week.

I hope I would not ask for more money till I see you and the amount of work I'll do for you - but please send the above \$30.00 as that will help me to come down. Please wire me when you send the money. Yours sincerely, R.P. Higheale, Scotts bluff, Neb.
