Dear Sir:

I have your letter of December 28th requesting that a copy of Volume II, South Dakota Historical Collections, be sent to you, C.O.D. This volume has long been out of print so I am unable to comply with your wishes. However I am sending a copy by insured mail as a loan and you may retain it for one month without renewal. We do not ordinarily let the book get out of our sight but since you are engaged in a work in which we are interested, we are pleased to have an opportunity to be of service.
