about 62 yrs ago...1868...the year when 15
persons were killed.

I want to know the answers to these questions..

Where did the war party start from?

What season of the year was it?

Why did they go to war at that time?

How many in the war party?

How did it happen that Sitting Bull went along? I want to know what he said and did about this? What was his reason for going? Who asked him to go? Or did he ask to go along?

What did they go after?

Did they go afoot, or on horseback?

Which way did they go?

How many days were they out before they found the enemy?

How many enemies did they meet up with? Were they ~~many~~ soldiers or just men.

How did the fight start?

What time of day?

Where was this fight?

How long did it last?

How many were killed in this fight? White men?

How many Indians were killed?

Was anyone wounded in this battle.

Over...
