Dear Mr Campbell.

Thanks for your letter of information, very interesting. I haven't had an answer to the letter I wrote Charles Spencer, tho I wrote only three or four days ago. His address is

Charles S. Spencer
Superintendent

Standing Rock Agency
Fort Yates, N. Dakota.

Also I am enclosing the 2 letters I rec'd which induced me to write to you for further information. Return the letters to me please. In the letter you will notice it names Grey Eagle as Sitting Bull's brother-in-law. I wonder if he isn't the Clarence Grey Eagle we read about recently in the papers concerning the moving of the Chief's body, if he is, and which shows Grey Eagle still alive, we may find out the names of the Chief's relatives from him. You see if I knew the names, then among them I believe I could recognize my own Grandmother's family.

Please try to find the information given you by Chief One Bull's daughter and other relatives and send to me.
