

expense alone - letting alone the necessary living expenses which I can afford to take care of without any trouble.

So if you will please be so kind to allow me this additional sum, I shall certainly appreciate it. I spent three solid weeks in this work on the reservation.

There is so much more incidents of all sorts happened in the life of Sitting Bull which are very interesting to narrate and now is the time to <sup>get</sup> the real truths of these as the old timers who know him personal are getting few in number.

One Bull and his brother White Bull - two nephews of Sitting Bull are getting old and feeble and it won't be very long before they will go to great beyond.

There are other very interesting Native American stories, legends and myths among the Indians which should be preserved.

If you care to employ me further, please let me know with a proposition at once as I shall be at leisure to go on the reservation to secure these stories direct from the old timers.

Please send the money soon as I intend to go to North Dakota for a few weeks before snow flies.

Very respectfully,  
Robert P. Hixson
