Dear Mr. High eagle:

Here is the information which Mr. Bullhead collected. Also some other information sent me from Dakota. I want you to translate all of these into English and send them back to me right away. I need them right away.

If you have any comments of your own, please send them in your letter.

I have sent a letter to you at Red Rock, to tell you that this letter was sent to Ponca City. I did not know whether you were at Ponca City or Red Rock, as Prof. Smith said you wrote to him from Red Rock.

Now, my friend, please act promptly, and send me these translations. And do try to get Dr. Rockbraine and your other informants to send along whatever they have soon.

Cordially yours,

N.S.CAMPBELL
