

Red Rock, Oklahoma,  
March 12/30.

Dear friend Mr. Campbell:

Enclosed herewith  
One Bull papers with my translations. I do not think  
much on some of the statements made purported to  
be made by his wife, as well as some of his statements.  
I received letters from some of our old time informants  
who have warned me against statements made by the  
One Bull family. They consider them unreliable.

Some of the information given by One Bull in his papers  
are valuable but others are not worth repeating.

At the conference held at Bullhead recently of some of the  
old timers who have known S.B. personally, One Bull has  
failed to give any open information about S.B.

The statements made against Bullhead, Gray Eagle  
and Lone man are new to me.

I expect to be here till the latter part of April and  
then I expect to go back North - North Dakota or South  
Dakota I cannot definitely say. I wanted to go this  
month but have not yet visited some of my friends  
had anticipated visiting in that state before going home.

The time I visited you I was heading to Oklahoma City  
to the Peyote Convention held there and while en route  
in company with others our car broke down and we  
spent every dollar we had toward repairing same.

My car needs a general overhauling before I start  
for home and shall appreciate any help you may  
render me.

Address all letters to Red Rock and if I don't  
receive them here, same shall be forwarded wherever  
I may be.

Your friend  
L. Higley
