Dearest girls:-

I got your sweet letter here today, and am all on edge to know what my surprise will be. I am happy you are so well content, and only wish I were at home to share everything with you.

We start home tomorrow noon, and I am glad to think that in 4 or 5 days I can kiss you & hold you in my arms again, you darling!

This trip has been wonderful. Crawford has opened every door for me & I have talked with many old-timers, red & white & they all talk freely & what a story they tell! — nothing like the silly books:-
