

Gabriel Renville's question, "What is the relation of an Indian Agent to a citizen of the United States and his property?" ought to awaken the friends of the Indian to an earnest and profound consideration of its far-reaching meaning and importance. /bottom of page 29.

His condition under the Severalty Law is no better than under the old reservation system, unless it go so far as to destroy utterly the old conditions imposed by that system. A step is taken, it is true, in the right direction, but not long enough to take him out of his difficulties. /middle page 29.
