Dear Mrs. Brown:

Thank you for your kindly letter of March 31.
We appreciate your taking the trouble to send us the
criticisms of our Custer article and we are passing
them on to Mr. Vestal.

It is apparently impossible to print anything
about Custer's Last Stand without incurring somebody's
wrath. We've had a lot of letters and I am sure we
would have had a lot of letters no matter what article
we had printed. I am afraid that what actually happened
is like Churchill's definition of Soviet Russia: "A
mystery wrapped in an enigma."

With many thanks,

Sincerely yours,

Oliver Jensen
