Norman, Oklahoma

Dear Dr. Mascher:-

Can you give me the date
of the eclipse of the Sun 1882 or 83
which was total - or almost so - in
Dakota? It is important for some
research I am doing on the
Indians up there. Perhaps there
were several eclipses?

I shall be grateful for your
aid.

Sincerely

Total eclipses visible in U.S. as follows:
S. Campbell

July 29, 1878 in Wyoming Colorado, Texas.

Jan 11, 1880 " California

Jan 1, 1889 " California & Montana

There was a total eclipse in 1882 not visible
in America.

The records in our library do not give anything
better. I am writing to the Naval Observatory for better
information. J.B.H.
