Dear Mr Campbell I have received the money and the book. I want to thank you for the gift of money. I have so many obligations for it I hardly know where to use it. We are putting our youngest son thru business course in Aberdeen and altho the state pays for his tuition, we must pay his expenses and board. It keeps our noses to the grindstone as the saying goes. Will send the book back as soon as I finish it. It is very interesting I know several characters in it I knew Two Moons of the northern Chippewas. I knew Dr Grinnell's wife when they were on the Reservation here, she was an artists wife. My husband share of Mr Williams
