Wy dear Watson:
While 1 was east on my leave of absence, a mutual friend suggested that you might have copies of the mimeographed proceedings of the westerners Club on the day they discussed the custer fight. As I am doing some writing along that line, I thought you might be willing to lend ae the data if you have it. I will take good care of it and return it to you within a few months, and if 1 should fail to return it as soon as you think proper, 1 shall be grateful if you will call my attention to that fact.

1 have been digging around in the ilational Archives of the Library of Congress, and I an now heading down into Texas and Colorado to complete my research.

I of ton think of the fine time 1 had in your home and hope you will come down this way sometime.

1 shall be back on the campus after the riddle of January.

Cordially yours,
