Now, I am going to tell you something,
Major McL wrote a letter & gave it to
SB. So while SB had this letter to me
to read it to him. This is what he said:
"You tell your people to go home, fix up
their places, build barn, put up hay
for horses for the coming winter. After that
they will come for their enemies, so we all
went home. And SB asked me to go to the
Agency but I never say anything - This
all true, Policeman name Penny Hawk
had this note to me.

This is what I know of SB. My friend
I want \$25⁰⁰ because I'm 67 yo
old
