Dear Sir

I received a statement from you back in Nov. 27/28 telling about my stomach trouble in the army while under your command. I am still troubled with my stomach. I have a dropped stomach have to wear a belt the rest of my life. I got 50% permanent on the D.A. and then was cut down to 25% permanent and later I expect to lose it all if I can't get better service connection. I don't make much where I work and I am under the Drs care most of the time that takes it all. So will you please help me all you can. I wrote a letter to Mr Ricca for a statement address. I thank you very much for doing all you have for me. I remain
