Dear Sir:

I am enclosing a letter which is self explanatory. I think Scout Allison was at the Home at that time, 1891. If you have any record of the time of his leaving there and whether he is still in existence or not I would be pleased to impart the information desired to Prof. W. S. Campbell.

Kindly return the letter with any information obtained in your records, and oblige

Yours very truly,

THE WALKER LITHOGRAPHING & PRINTING COMPANY.
