*Answer*

Dear Sir:-

I wish to make inquiry as to the following points, and in regard to the agencies or Indian schools listed on the enclosed sheet.

1. Which are reservations, and which merely the headquarters of a tribe holding allotments in severalty?

2. Whether Government permission is necessary to one visiting these reservations for scientific study of the material culture of the Indians upon them, and if so, from whom this permission is to be obtained?

3. What conditions must be fulfilled to obtain this permission, should any be required?

A full reply to these queries would be very much appreciated by

Yours Very Sincerely,

W. S. Campbell
