

I have any money for that sort of thing
in Europe.

Since it will be of sufficient interest
for me to see and study your specimen, I
don't want to make any money on it
and you shall have the money I sell it for
if I succeed in doing so, which I can, of
course, not guarantee.

If you want to send it, it will probably
be best by parcel post and to insure it.

Since the large numbers probably have
short shirts ~~at least the~~ They were quite common for several
years — it may be well not to ask more
than \$50.00 for it. At any rate please state
the price definitely.

Received my book this morning in good
condition.

The Committee to Investigate Jackson Appeal of the Am.
Ministerial Association has adopted my draft of a report
after studying the evidence I had submitted. The Am. Ass.
has referred the matter to the Federal Council of Churches in
New York who will now, I hope, take the matter in
hand.

Yours very truly (~~today~~ S. J. Sawyer.)
