

If you go to Glacier Park dont miss
the Blackfoot Reservation. The agency
is only a few miles east of the main
entrance to the PK. on the Great Northern
There are two hotels at Browning Mont.
(the agency) one White (good average) and
one Chief's Breed (pretty poor but
good enough for roughing it - about \$1.00 a
day without meals - meals extra con-
sisting mostly of meat).

Lodges etc. can be studied best
during the great encampment - one
week about the 4th of July which
is also the best time for getting acquainted
with the people. At other times good
interpreters (ask the agent) can tell
you who has good painted lodges.

If you intend going, let me
give you further details.

Yours very truly

Frederick Weigold.
