

September 12, 1909.

Dear Friend:

Thank you very much for your kind letter in answer to my queries. It is just what I wanted. I have just returned from Dakota where I interviewed a great number of old men under auspices which assured their talking freely. Among them was One Bull, Sitt nn, Bull's adopted son and nephew from whom I gained information which will tear some pages out of the established history. I wish you could have been with me. It was a wonderful experience. You may be sure I will call upon you and make full use of your generous offer.

Cordially yours,

W. S. Campbell.
