Executive Offices,
Washington D.C.

Dear Sir:

May I enquire as to the location of certain records which I wish to consult in making historical research?

I have reference to the records of interviews with the President by Indian delegations and chiefs (1862-1890). Have these been published? Are they on file in your office? To whom should application be made for the privilege of consulting them?

I shall greatly appreciate your kindness in giving me this information?

Yours faithfully,

W S Campbell
