

My dear Mr. Campbell,

I am the young woman who approached you last night to ask advice about the best methods of chasing Crazy Horse. I wonder whether you will be at liberty to see me before the morning session this morning. If not, is there ~~some~~ better time? I shall greatly appreciate being able to submit to your much greater experience some of the problems which confronted me at Pine Ridge.

I will wait on the mezzanine for an answer.

Cordially yours,
