Dear Sir:

You and Mr. Harrington were so obliging in a former inquiry about a Nez Perce chief said to have been called Kowesote, that I am going to ask another favor.

I find that that chief had another name, Tou-u-len-en. I wonder if you can tell me what that means? If so, I shall be grateful, and mention it in my book that is forthcoming so long!

Cordially yours,

W.S. CAMPBELL
