Oklahoma.

My dear Mr. Campbell;

Miss Gilles, of the Department of Anthropology, tells me that you badly need the copy of Mooney's "Kiowa Calendar History" which I have checked out from the University Library.

Unfortunately, I have not the book with me in Oklahoma City, or I should have sent it to you some days ago. I have sent for it, however, and expect to have it some time tomorrow (Wednesday). As soon as it arrives, I shall, of course, forward it to you.

In the meantime, if there are any points about the Kiowa on which you require immediate information, and which I can help to clear up, please let me know, if I can be of any assistance. I have done field work with this tribe for the last three years, and am now working up my field notes. In addition to acquiring familiarity with first-hand information, I have practically memorized Mooney, and may be able to answer questions on his material.

In case that I can be of any help to you, please call me collect at 4-4272, Oklahoma City, and I will try to help you out.

I am most sorry for this delay, and can only hope that it has not too seriously inconvenienced you.

Very truly yours,

Alice L. Marriott
