Dear Mr. Campbell:

By now you know that the June meeting isn't possible. In addition to everything else, I find that our sales conferences almost coincide with your Short Course, and I regret the whole situation.

I am awfully glad, however, that you think the suggestion about Cochise and his Apaches is interesting, and when Meek is out of the way I would be glad to hear from you about the possibilities. You have done a lot of work in that department, and I can't think of anybody more likely to understand the significance of the war and at the same time to appreciate its dramatic qualities.

We will dig out a copy of La Farge's review and fire it along with this letter.

All the best,

John Selby
