

There are worse things than war.
Tyranny may be defined as peace
without justice. The tyrant always
confuses peace with justice. The peace
of concentration camps. The peace
of ~~quarantine~~ murdered skulls,
the peace the follows purges.
No man is good enough to govern
~~another~~ another man without that
of other men's consent.

fair + firm

Tyranny over the Indians -

A world government -
Man - what a tyranny that
will be -
