

after all those years as a laud man  
he was buried at sea by R. S. Culp, Com.  
U. S. Navy, U. S. Argonne, "Scapegrace"  
indeed! Paul Wellman didn't know  
what he was talking about.

You know when Horace Greely made  
his tour of the prairies, his diary was  
printed in a book. He spoke of stage  
stop number so-and-so and no one in  
Kans. seemed to know where these stops  
were, so Mr. Root asked me if I knew.  
I knew and gave them the informa-  
tion so now they know exactly where  
he was. Kans. Historical is very anxious  
that I should write these things myself.  
It looks as if some rich man like Phillips  
could make it possible for me to do it, but  
I am not begging.

Suggest you write G. R. Gaeddert of the  
newspaper div. and ask him to have a  
letter from Mr. Waters in the Junction  
City Union just prior to Jan 14, 1886,  
Waters was in Ft Riley and he wrote  
his memories of Arickaree. I neglected to  
copy it when I was there and would like  
a copy myself.
