Dear Campbell:

You are known as one who is interested in various aspects of human welfare and it is for this reason that we are writing you. We feel sure that the idea of the National Gallery of the American Indian, of which we are enclosing an outline, will appeal to you.

We are not asking for financial assistance from you, but the assurance that what we are trying to do - awaken a national appreciation of Indian art and culture - has your approval and best wishes. To this end, might we list your name as one of the sponsors of this undertaking? This does not involve you in any way, but it does lend your assistance to an important work.

Yours very truly,

THE NATIONAL GALLERY OF THE AMERICAN INDIAN

Geo. W. Blodgett
Secretary.
