correspondence with you regarding this particular site. Should you choose, I will give you the benefit of my experiences on the field itself with whatever knowledge I may gain by my pending visit. However, I feel that much will be gained by waiting until the South Dakota Volumes are out, as you may find that they will contain more material than what has heretobefore been published.

I enjoyed your life of Sitting Bull very much, obtaining a copy when it was first published. Many of the Indians that you mention in it are personal friends of mine.

Call on me at anytime and I shall be glad to give you the benefit of ~~any~~ experiences I may have had on the battlefields of the west for I have visited at them all and have pictures of most of them.

Yours very truly,

Raymond A. Burnside, M.D.
