Dear sir:

Do your files contain maps of the various Indian battlefields, such as those listed below? If any of these maps are available, I should be glad to pay for having them photostated, if the work can be done within the next few weeks.

I could also use microfilas of the reports of the field commanders of the battles checked on the list, if I could get these within thirty days.

- Sand Creek Fight, Colorado, November, 1864
