 Cold and was nearly frozen to death
 The camp broke up where there
 big snow drift. W.B. was traveling
 with seven families. These 7 families
 were moving this way - and W.B.
 went hunting at about sundown
 & he saw two Buffle camping
 so he tied up his horses and
 tried to herd them off but they
 got too far before he could shoot
 then he went back to his
 horses and a blizzard came
 the kind you can't see in
 just the time he got to his horse
 to blizzard came & he did not
 know where to go so he dug
 a hole in a washout and put
 out his gun rod so he could dig.
