In 1895 France had in
her Treas 600 Million Dollars,
gold & Silver - the most
money ever gotten together at
one time -

All the coined gold to 1895 -
doesn't amount to much
more than David collected -
7,000 millions -

Where did David get this
gold -? No money mines in
Palestine - what then was
all this money found -?

In imagination of a writer
of more patriotism than Intelli-
gence - who wrote for the
sake of the Jews, or for their
glory but for their glory -

It is possible that David
collected 8000 tons of gold and
68000 tons of silver, in all
68000 tons - David's gold &
silver would load 4533 freight-
cars - or a train of 533 cars
of 32 miles in length - & all
this for the temple at Jerusalem
a building 90 ft long, 45 ft
high, & 30 ft wide with a
porch 30 ft wide, 90 ft long &
180 ft high -
