

from a severe cold -

Looking for Boad + Jr. -

From my own observation viewing the
landscape - I can see the stupendous
folly of human nature -
Selfishness, arrogance, hatred &c. &c.
& no benefits or advantages deriving
therefrom - Simply Curiousness and
accumulation of a depraved life - (yet
these conditions followed to the end of
time, & for only one result or purpose -
the existence in it NO good -

I hope my Boy + Jr. can & will
weather the storm -

Money, Money & more of it the Craze -
& in some instances the Craze extends
to Society & its degrading influences -
to those indulging in it - tis concerning -

desperate escape effort near
Memphis, Tenn -
