PENSION DECISION
By Assistant Secretary F. L. Campbell.

Disability - Act of June 27, 1890.
Archib. C. Winfrey.

The fact that the claimant was not disabled in a pensionable degree from the causes alleged is not a good ground for rejecting his claim under the second section of the Act of June 27, 1890, if it appear that he was so disabled from other causes not alleged.

This is certainly a righteous decision and shows that the Government is trying to do the right thing by the old veterans, notwithstanding the hue and cry so often set up against him, which usually originates from some newspaper shark, of which the country is full to overflowing. O they are such white-livered creatures - fit saints for heaven. Would that they would hurry up with their departure hence.

STECK SECURES OFFICE BY FOUR VOTES MARGIN

Senate Ballots in Favor of Democratic Iowa Man After Fiery Argument for Two Hours

Washington, April 11--(AP)--Senator Smith W. Brookhart, republican insurgent of Iowa, was unseated in the senate Monday in favor of Daniel F. Steck, Democrat, by a margin of four votes.

The vote, 43 to 41, came after a week of debate, which terminated in fiery argument during the last two hours of discussion when the committee which conducted the recount of ballots cast in the 1924 election was unseated and defeated.

Until the very hour of the roll call the result was in doubt but 14 republicans joined the 29 democrats in voting to unseat Brookhart overwhelming the nine democrats, 21 republicans and one farmer labor senator who supported him.

Immediately after the result was announced Steck was escorted to the rostrum by Senator Cummins, republican, Iowa, and sworn in by Vice-president Dawes. Brookhart was not present, having been absent from the chamber during the entire week of the argument.
