Dear Chief Mankiller,

Attached is a copy of an editorial which was in our newspaper in 1985. Also, my response which was printed in the paper several weeks later.

So, how do we help you and your people? Can you give me some suggestions? Or can we be pen pals and talk over concerns through our letters.

I am a single parent with an 18-year-old son. I work for a public electric utility and I'm active in our community. Look forward to hearing from you.
