Wilma Mankiller, Principal Chief
Cherokee Nation of Oklahoma
P.O. Box 948
Tahlequah, OK 74465

Dear Chief Mankiller:

As per our conversation of December 8, a delegation of Oklahoma State University representatives including President John R. Campbell and Associate Vice-President for Multicultural Affairs, Dr. Gregory Washington and others, would appreciate an opportunity to meet with you and the Cherokee Nation to express OSU's willingness to engage in dialogue and future cooperative projects. We have appreciated your willingness to meet with our University community during previous years. The University community is always pleased to learn of your presence at OSU.

OSU also recognizes tribal government and the necessity of working together to facilitate improved communication, the recognition of tribal needs, and to employ OSU resources where needed. Therefore, in order to move in this direction, OSU believes it is necessary to reach out to the Native American communities to foster this cooperative relationship.

Lastly, thank you for graciously accepting our inquiry to host the OSU delegation. Dr. Campbell will be available January 28 and 29, February 3, 4, and 5. Thank you for your consideration!

Sincerely,

Pete G. Coser, Ed.D.
Coordinator

Multicultural Development and Assessment Center
